

DID YOU KNOW?

The Department of the Air Force Family Child Care (DAF FCC), Expanded Child Care (ECC) Program assists families in obtaining high-quality child care for children ages two weeks to 12 years from certified providers at or near the installation.

Some of the offerings that are included on the DAF FCC Expanded Child Care program are PCS Child Care and AFAS PCS Programs. These Programs are designed to help relieve some of the stress felt by families in the process of a PCS move or transitioning from the military.

Families assigned to, living on, or working on a DAF led installation are eligible for both the PCS and Transition Assistance Child Care Programs. PCSing families are eligible for 20 hours of child care per child at both the departing and inbound installations. These families may use the child care 60 days before the family's departure and 60 days upon arriving at the new installation.
