Armed Services Blood Program

ABOUT US

The Armed Services Blood Program (ASBP) is the official Department of Defense provider of blood products for U.S. Armed Forces. As a division in the Defense Health Agency, we focus on equipping service members, their families, retirees, and veterans worldwide with the lifesaving blood products needed, whether on the battlefield or in military hospitals, in peace and in war.

The ASBP is the official blood program of the U.S. military and is not affiliated with other civilian collection agencies. However, we are one of four organizations that ensures our nation has a safe, potent blood supply and we work together in times of need.

OUR MISSION

To provide quality blood products and support to military healthcare operations worldwide.

MHS Military Health System health.mil

FOR SERVICE MEMBERS, THEIR FAMILIES, RETIREES, AND VETERANS

Blood products are used for military patients of all ages for many reasons. Whether blood is needed to treat cancer patients, surgical patients or battlefield injuries, all depend on blood donors every day.

While ASBP blood recipients are most often thought of as deployed service members injured in the line of duty, the ASBP also supports the peacetime needs of military personnel and their families. Blood must be available to military hospitals for scheduled and emergency procedures.

The ASBP is the official blood program of the U.S. military and is not affiliated with other civilian collection agencies. However, we are one of four organizations that ensures our nation has a safe, potent blood supply and we work together in times of need.

Armed Services Blood Program

ABOUT US

The Armed Services Blood Program (ASBP) is the official Department of Defense provider of blood products for U.S. Armed Forces. As a division in the Defense Health Agency, we focus on equipping service members, their families, retirees, and veterans worldwide with the lifesaving blood products needed, whether on the battlefield or in military hospitals, in peace and in war.

The ASBP is the official blood program of the U.S. military and is not affiliated with other civilian collection agencies. However, we are one of four organizations that ensures our nation has a safe, potent blood supply and we work together in times of need.

FIAT DAYS

December 6-8, 2024

Roslyn Retreat Center, 8727 River Road, Richmond, VA 23229

“Fiat” is a Latin word that refers to Mary’s response to the angel Gabriel, “May it be done to me according to your word” (Luke 1:38). The goal of Fiat Days is to bring high school aged women together who desire to grow in faithful discipleship and personal holiness to be better able to discover their own vocation from the Lord, with a special focus on the call to religious life. We will be joined by religious sisters from several communities for this three-day retreat.

Army Support Activity (ASA)

Mandated Inspection of all Privatized and Leased Housing:

- Due to the housing crisis of 2019, the National Defense Authorization Act was put into place to perform a comprehensive independent, third-party home inspection on all privatized housing within the Army portfolio.
- The Department of Army has contracted with RER Solutions, Inc. and Jones Lang Lasalle (RER / JLL) to conduct the home inspections.
- Inspections will begin 21 OCT 2024 through 8 NOV 2024 and continue until all inspections are complete.
- This 100% inspection includes all Fort Eustis and Fort Story Privatized Family Housing.
- A website will be provided to all residents to sign up for a date/time to have these inspections performed.
- All appointments are 2 hours apart. Inspectors will be granted full access to the home. Please ensure your SM or a family member on the lease over the age of 18 is at home for the inspection. **These home inspections are mandatory.**

Army Support Activity (ASA)

Why are these inspections important:

- This inspections will give both the partner and the Army a bias opinion on the conditions of the homes.
- Outcome of these inspections: Allow the Army to hold the partner accountable if necessary and/or look at where the money should be invested (demolish and rebuild or renovations or both)
- Reassure your SM that these are not leader led inspections – this is a 3rd party inspection.

2. Supporting military and veteran medical facilities

Volunteers carry out 90% of the humanitarian work of the Red Cross. Our vital work is only possible because of people like you. Volunteer benefits include: building your resume, learning new skills, leadership experience, meeting new people, discounted Red Cross training, promotion points, giving back to your community, and having fun.

Volunteers Urgently Needed for the Following Positions in Your Community:

Event Support

Assist with community outreach events and share Red Cross resources with the military community.

Preferred commitment:
2-4 events/month.

Briefer

Speak to service members about Red Cross resources, Service to Armed Forces, and the Hero Care Network.

Preferred commitment:
2-4 briefs/month.

Summer Youth Program

Youth (age 14+) will supplement the permanent staff at the MAHC while learning about the medical field. Great opportunity for leadership and community service.

MTF Assistance

There are many options both for those who want to provide a helping hand as well as those with professional licensure.

Preferred commitment:
2-4 shifts/month.

3. Building strong and resilient military families
